MONTAGGIO DEI SUPPORTI RETE SIDE / ASSEMBLY OF THE BASE SUPPORTS

ATTENZIONE!

LA POSIZIONE BASSA DELLA RETE È LA PIÙ SICURA; UTILIZZARE TALE POSIZIONE APPENA IL BAMBINO COMINCIA A STARE SEDUTO. Il materasso scelto deve essere tale da avere almeno una distanza di 500 mm tra la superficie del materasso e i lati superiori delle sponde con la rete in posizione bassa e 200 mm con la rete in posizione media oppure alta.

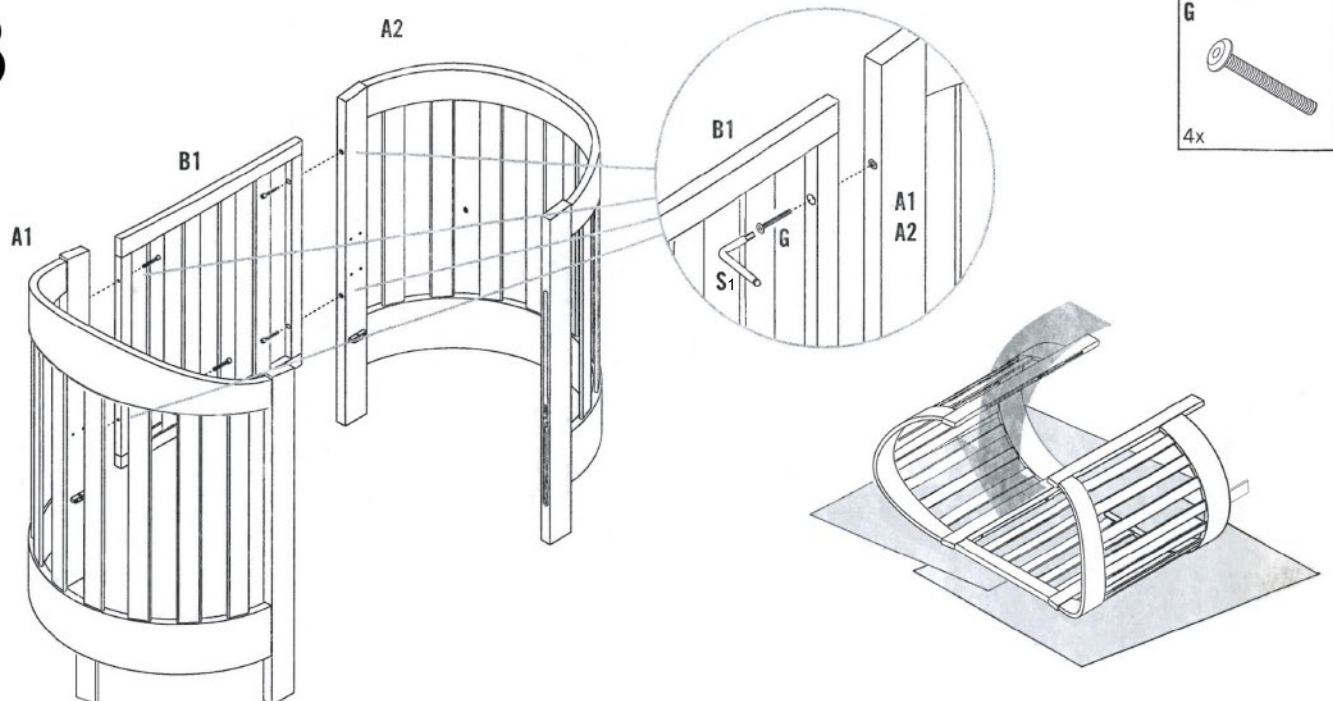

Utilizzando la posizione media o alta il cassetto non può essere usato.

WARNING!

SINCE THE LOWEST POSITION OF THE BASE IS THE SAFEST, USE IT AS SOON AS THE BABY IS AT AN AGE WHEN HE CAN SIT UP. The mattress selected must be such that the inner height (that is the distance between the surface of the mattress and the top of the cot) is at least 500 mm in the lowest position of the base and at least 200 mm in the medium or highest position.

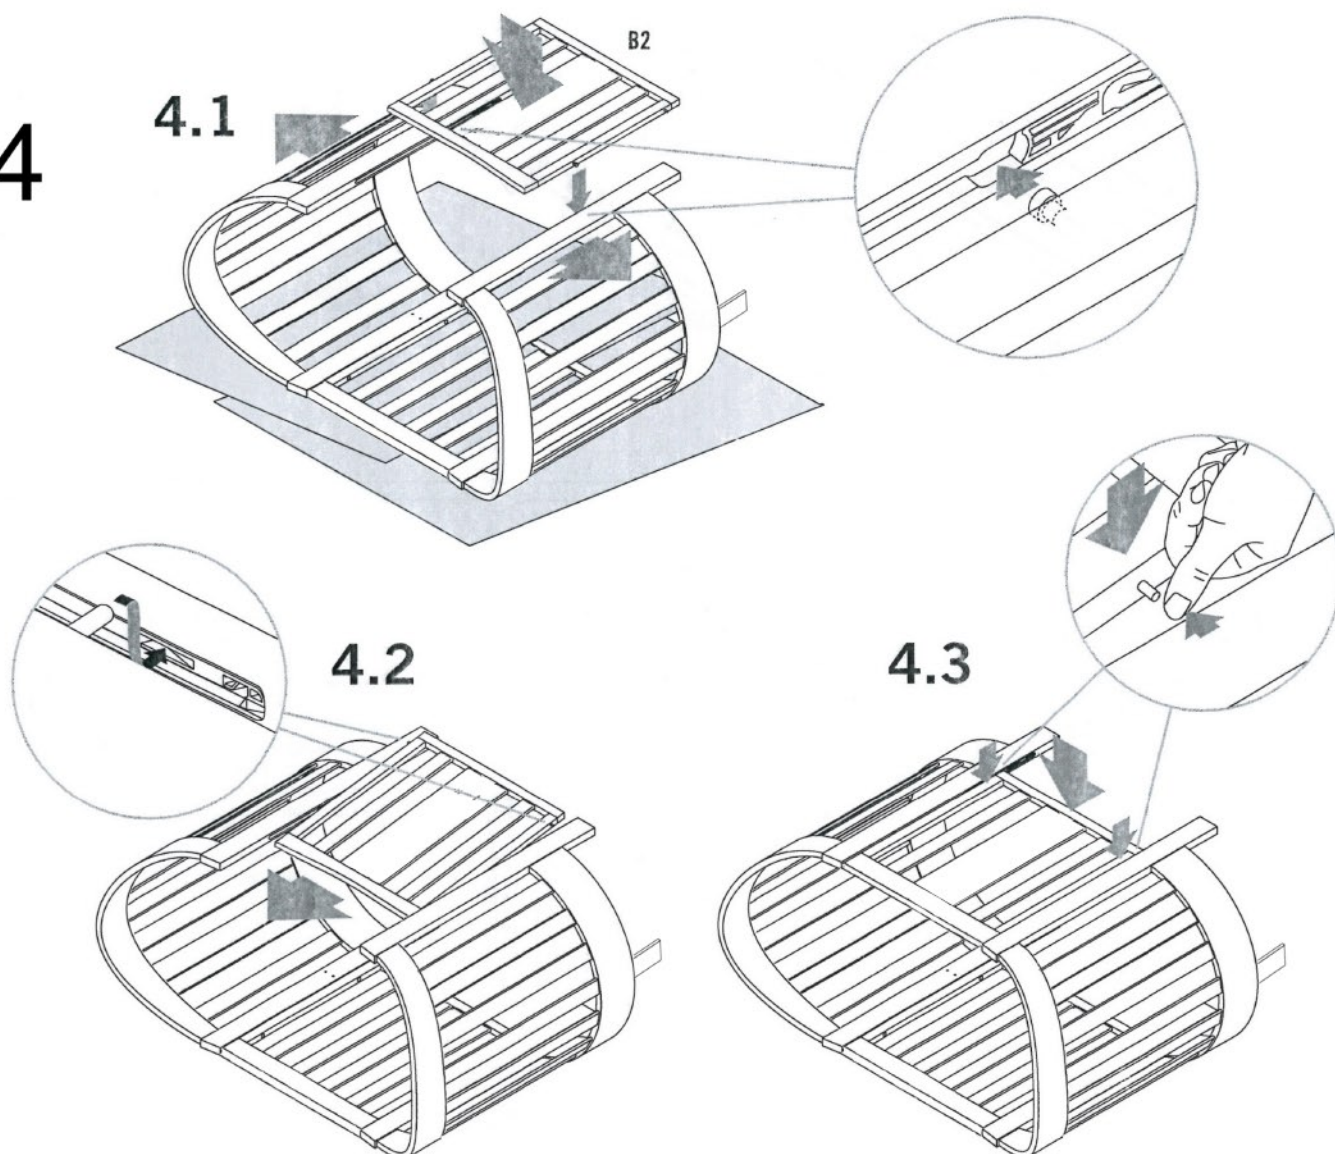

Using the medium or high position the drawer can not be used.

PER PREVENIRE AMMACCATURE O GRAFFI, STENDERE SUL PAVIMENTO I CARTONI DELL'IMBALLO DURANTE IL MONTAGGIO.
TO PREVENT DENTS OR SCRATCHES, LAY OUT THE PACKAGING CARTONS ON THE FLOOR DURING ASSEMBLY.
